

Letter From Alexander Bachnar's Students

Continuation of letter No. 3: I don't know where Litke is. We were together for a short time in Kosi, but she left and I don't know where. I hope that I've summed it all up, now I'm ending because Laco is traveling from 1/4 to 9., and we want to get him there in time. Say hello to all the boys we know, especially Durko! Spitzer, Elra Kellerman, Dzony Sch. and so on. Many greetings from you former student. Boza See you soon.
