

Girls From Maccabi In Prievidza

This photo was taken in the 1920s. In this picture you can see girls from the Prievidza Maccabi. On the left is Kovacova; I don't know what happened to her. Beside her is Klara Friedmanova from Topolcany, who graduated from high school in Prievidza in 1928. Standing beside her is Edita Diamantova; I don't know her fate. The fourth is Kata Kohnova, who survived the war and got married to a man named Knöppfelmahler; they lived in Prague after the war.
